Then you can introduce the game Idle Fitness Gym Tycoon, this is a free GYM room simulator game on the mobile platform. This game has very unique gameplay, making it easy for newcomers and those familiar with the kind of financial simulation games that should be attracted to their phone screens. Run your gym and become a fitness tycoon! You will play the role of the head of a gym, you will be the head of the gym gym to the top. At the beginning of the game you will own a GYM room, including a number of well-equipped units, a dressing room, a vending machine and an automatic door system for guests to enter. You have to catch many customers and constantly upgrade your equipment in the gym to make your business smooth. The more modern your equipment is, the more confidence the GYM room will take, and customers want to spend more money on their workouts here. The more customers who come to visit, the more money you will have to invest the brand new equipment to meet demand. In addition to upgrading equipment, you also need to open several wardrobes, extending the automatic fundraising system to the gym, ... If you put yourself in the customer's seat, you won't be queuing too long for your trip, won't you? Every time you use a device, all customers have to pay. Upgrading the training machine will help the customer's exercises more efficiently, the guest will practice a certain exercise faster to turn guests in line behind the next exercise, and it will make the room revenue bigger and bigger. The game also has a number of other features to help you increase revenue and attract as many customers as advertising, posting brochures, or just extending the parking lot to the gym, ... The game also has some other special effects, for example, sometimes there will be a bus carrying dozens of guests, helping you increase a portion of your revenue. You can cooperate with a high-profile investor, you can get a big fee for this. Are you ready to manage the gym empire? After a while, the gym has earned a decent amount of capital, you can use it to open a brand new gym, with better build quality, in a place with good business conditions besides. Above all, the income will increase to 5 times compared to the old gym. At some point your GYM will become very popular, your reputation will even reach the famous athletes. You can hire these athletes to make your gym reputation even greater. When you are busy unable to see how the GYM room is doing, be safe, the room will remain open 24/24 and revenue will increase steadily. Nevertheless, the revenue of the gym you still need to have it managed when you're away. Therefore, the game allows you to hire a manager, so your earnings will increase 5 times compared to when you are away without a shirt that great? Simple character simulation, 3D pixel graphics. The game owns a rhythmic, live music background, very suitable for a GYM. The sound of the game is also very detailed, you can hear the sound of guests chatting with each other, this helps to make your gym more lively and lively, while helping players to have a much more realistic experience. The interface of the game is easy to understand, adaptable for beginners, players can interact with almost anything in the gym by tapping them on the screen. Along with half-heated 3D graphics with 2D, the game exudes a very special look.
